

Ecstasy (feat. Rick Ross)

Danity Kane

It started with a Monte Carlo
Then went and got a beamer
Her mom call me a D-boy
She said yes he is a dreamer
2 tickets to the matinee
Me and shorty way back in the day
Now she's into films
Our thing just starts to dim
DK in background (ah ah, etc.)
You know when you dealing with a bad boy baby
I got to keep it triller
Even if it hurt, you know
I won't sing to you like Chris and Ne-Yo
But I'm fresher than a stick of deo
Take you to a place where the chef is Creole
Black beach right next to Rio
Running out the house just to flip the
Dice in my pocket I'm with the c-lo
Pull up to the crib and I hit dawn
Beep beep
Rick Dinero (Boss)
And I quip the lado (what)
That's right let me flip the car doe
In the wind, might hit Chicago
She might pick the cargo (yea)
Let's skip Apollo
Carlos Brados (?)
My Picasso (what)
We ride or die (die)
She my little vato (?)
Ross
Can't hold it back
You know I'm so addicted to you
Cravings attack
Whenever I get closer to you
I'm in withdrawl
Whenever you're away
I just want you here with me boy
Let's take a ride
I'll show you all the avenues
Hop in my coupe
I only got a room for two

Let's just explore
My only destination is you
I'll tell you what I want to do

Baby

Can I take you to a place
Where we can go far away
Let's take a chance tonight

Follow me to:

Chorus

Ecstasy (boy)

You and me (boy)

I'm feeling you

I'm feeling you (feeling)

I'm feeling you

I'm feeling you

Ecstasy (boy)

You and me (boy you know I'm)

I'm feeling you

I'm feeling you (boy you know I'm)

I'm feeling you (I'll never want to let you go)

I'm feeling you

The mood is set

My temperature is rising

I'm getting hot

And there ain't no denying (ah)

I know a spot

Where can just go get lost together

Right now I'll do whatever

You take me high

But I really want to go off (off)

Hearts beating fast

Temp is still moving (slow)

My fantasy

And boy just take control

Come on won't you let me know

If I

Can I take you to a place (A place)

Where we can go far (far) away (away)

Let's take a chance tonight (Boy let me take you)

Follow me to:

Ecstasy (boy you know I)

You and me (me)

I'm feeling you

I'm feeling you

I'm feeling you (I'm feeling you)

I'm feeling you

Ecstasy (boy)

You and me (boy you know I'm)

I'm feeling you

I'm feeling you (boy you know I'm)
I'm feeling you (yeah ah ah ah)
I'm feeling you
Boy you got me twisted
I must admit it
I just can't resist
I can't get you off my senses
You make me feel brand new
The things you do
Oh, you know that I'm feenin' for you
I just got to have it
It's getting drastic
I can't break the habit
I'm just an addict
For your love
It's like a drug
Baby let me take you to
(Eeeeeeeeeeeeeeeee)
Ecstasy (boy)
You and me (I'm feeling you)
I'm feeling you
I'm feeling you (I'm feeling you)
I'm feeling you (Never knew I can feel this way before)
I'm feeling you
(Can we go there?)
Ecstasy (I wanna go there)
You and me (boy you know I'm)
I'm feeling you (feeling you, feeling you, feeling you, feeling you)
I'm feeling you (boy you know I'm)
I'm feeling you
I'm feeling you
I want to take you there there there there
I want to take you there there there there
I want to take you there
I want to take you there
I want to take you there
I want to take you there
I want to take you there
I want to take you there
