

# Love Don't Let Me Down

## Chris Young & Patty Loveless

(with Patty Loveless)[Chris]  
I've been a hard man  
Been a lonely man  
Been around the world and back again  
My kind of freedom was always leavin'  
And I thought hearts were just for stealin' Then I saw the light in your eyes this morning  
And somehow I knew  
I was gonna take a chance with you  
Try to see this through  
So I'll be hopin you[Both:]  
Don't let me down  
Love don't let me down  
[Patty]  
Been on the bad side of a lotta goodbyes  
Sometimes it felt like I was out of tears to cry  
So for my own sake I put my heart away  
Thought I'd try again on some sunny day Then I saw the light in your eyes this morning  
And somehow I knew  
I was gonna take a chance with you  
Try to see this through  
So I'll be hopin you[Both:]  
Don't let me down  
Love don't let me down[Chris]  
Lets make a promise we can believe in tonight  
Patty  
Give me your heart and I'll give you mine  
Don't let me down  
Love don't let me down Love don't let me down[Chris]  
I've been a hard man  
Been a lonely man  
Been around the world  
[Both]  
Don't let me down[Patty]  
Been on the bad side of a lotta goodbyes[Both]  
Love don't let me down No love don't let me down
