

In Waves

Trivium

In waves!
In waves!
In waves!
In waves! Do I end this all for the world to see?
In waves, in waves.
Do I take everybody else down...
Everybody else down with me? In waves!
In waves!
In waves!
In waves! Do I end this all for the world to see?
In waves, in waves.
Do I take everybody else down...
Everybody else down with me?
I know that death approaches fast.
In waves, in waves.
What's the purpose if this life won't last?
(What's the purpose?)
Pulling everyone down with me. Perpetually...
Perpetually we're igniting in waves.
Incessantly...
Incessantly we're sinking in flames. Perpetually...
Perpetually we're igniting in waves.
Incessantly...
Incessantly we're sinking in flames. In waves!
In waves!
In waves!
In waves!
Do I end this all for the world to see?
Do I take everybody else down...
Everybody else with me? I know that death approaches fast.
What's the purpose if this life won't last?
(What's the purpose?)
Pulling everyone down with me. Do I end this all for the world to see?
In waves, in waves.
Do I take everybody else down...
Everybody else down with me? I know that death approaches fast.
In waves, in waves.
What's the purpose if this life won't last?
(What's the purpose?)
Pulling everyone down with me. Pulling everyone down with me.
In waves!
Pulling everyone down with me.
