

It Takes a Worried Man

Van Morrison, Lonnie Donegan & Chris Barber

It takes a worried man to sing a worried song
It takes a worried man gon' sing a little worried song
It takes a worried man to sing a worried song
I'm worried now, but I won't be worried long
I went down to the river side and laid me down to sleep when I awoke, there were shackles
around my feet
It takes a worried man to sing a worried song
It takes a worried man gon' sing a little worried song
It takes a worried man to sing a worried song
I'm worried now, but I won't be worried long
Worried, oh man
(instrumental)
I said yeah
(yeah)
yeah
(yeah)
Watcha gon' be my fine
I said yeah
(yeah)
yeah
(yeah)
Tell me what gon' be my fine
I said yeah
(yeah)
yeah
(yeah)
Tell me what gon' be my fine
Is it 21 years on that ol' rock climbin' line
It takes a worried man to sing a worried song I'm worried now, but I won't be worried long
Sing it one more time
It takes a worried man to sing a worried song I'm worried now, but I won't be worried long
