

All Night

Rittz

Don't know what day it is
Every day is the same on tour
Drink up all the liquor that we had last night
But the homies said they gonna bring more
Not sure what state I'm in
But I woke up in Missouri
Got a miss by a lot of chicks but I'm sorting hoping that the homie got on that
This shit get dangerous
Don't say you ain't been warned
Which advice do we know could be worse
Get the bars and the purse, get the white if its norm
I'm by two naked chicks, got the back lounge looking like a porn
Fuck rappers got a head in the merch guys left pad banging like she listening to corn
Hit the hotel
Buy a lot of rooms smoking out the whole floor
Fans in the lobby standing by the brochures
Knocking on the door
Empty-handed on the vital zone?
Geeked up like another bee bo north?
Better wake up, we ain't going to sleep home boy
Afterparty jacking out six in the morn
You ain't really about this life so we done too much
To us its the norm All night I'm
Partying
All night I'm
Drinking good
All night I'm
Popping pills
All night I'm
Off the hook
All night I'm
Fresh as fuck
All night I'm
Blazing trails
All night I'm
Meeting boys?
All night I'm
Raising hell
All night I'm
All night I'm
All night I'm
All night I'm

All night I'm
All night I'm
All night I'm
All night I'm
All night I'm
All night I'm turnin' heads
A bitch might break her neck
J's on the bed
