

# **No Choice (feat. Rayven Justice)**

[Mozzy](#)

You don't wanna live like this, let it sink in  
Another premature body drop before the weekend  
I used to bag up pieces beyond decent (beyond decent)  
They say the customer's, right never mistreat 'em (never mistreat 'em)  
And he searchin' for a vein with that needle (G-O-D)  
When you carry the monkeys, you gotta feed 'em (gotta feed 'em)  
I suffer from similar inner demons  
Yeah, I be sippin' for insignificant reasons  
When you told me you loved me, I ain't believe it  
But when you show me you love, you'll receive it  
Do it for the killas sittin' down for them seasons  
It be hard to say no, so they convertin' the leaches  
Long as you a earner, you're peaches  
Classification, it's top rank, never heard of impeachment  
Long as you a earner, you're peaches  
Classification, it's top rank, never heard of impeachment  
Livin' in the field (field), this is how it is (how it is)  
Gotta live wit shit I did (I did), when I die I hope I'm missed  
I ain't have no choice, I ain't have no choice  
I ain't have no choice, I ain't have no choice They label us killas and all mine  
'Cause I kill anybody that come to moms  
The driver like, 'How I get all this time?'  
You had a active role in the commission of a crime  
Yeah it's brazy, you niggas don't see the signs  
Bruh told on blood 'cause he ain't wanna do life  
I send my condolences in a kite  
You know them people gon hang him and that ain't right  
Stare at my daughters to see the light  
Went and got him a M, I promise to see it twice  
Ya'll remember when Mozzy was on the hype  
Mozzy was dead broke, he was drippin' shit on sight  
My brother died, they told me it'd be aight  
That was back in '05 on [?] them niggas lied  
Got me relapsin' and gettin' high  
This shit got me relapsin' and gettin' high  
Livin' in the field (field), this is how it is (how it is)  
Gotta live wit shit I did (did), when I die I hope I'm missed  
I ain't have no choice, I ain't have no choice  
I ain't have no choice, I ain't have no choice  
Ooh, ooh, ooh  
I ain't have no choice, ooh, ooh  
I ain't have no choice
