

The Fear

Trust Company

Standing here,
I'm cold inside with fear
And I can't feel my soul
Take me in
I'm yours again
For a while
just like the last time
Lead me from the fear
And I won't leave you here.
There's a way out
There's a way out
There's a way from here believe
Lead me from the fear
And I won't leave you here
There's a way out
There's a way out
There's a way from here believe
I feel weak
I'm slowly losing touch
With what is left in me
Take me in
I'm yours again
For a while
just like the first time! Lead me from the fear
And I won't leave you here.
There's a way out
There's a way out
There's a way from here believe
Lead me from the fear
And I won't leave you here
There's a way out
There's a way out
There's a way from here believe
I need you
To keep me here
I'm starting over again
And I need you
To keep me here
I'm starting over again Lead me from the fear
And I won't leave you here
There's a way out
There's a way out

There's a way from here believe
Lead me from the fear
And I won't leave you here
There's a way out
There's a way out
There's a way from here believe
There's a way out
There's a way out
There's a way from here believe.
There's a way out
There's a way out
There's a way form here believe.
