

Colder

Nina Nesbitt

Used to be vulnerable
Used to be dumb
I used to give it all, mmm
Hot like a firestone
100 degrees
Oh but now I'm so cold when they kiss me, they touch me, they freeze
They say Why'd you never trust
Why'd you never love
Why'd you never let 'em in?
Why'd you wake up
With somebody in your bed again?
And say you love them till you leave
Why you out so late
Dancing with your fake friends
Getting in a state?
When the good guys come why'd you run away?
Why'd you hurt them?
Well I'll tell you
When you're young and you get your heartbroken
And he leaves, leaves the scars open
When you can't believe it's over
That's when you get a little colder
Yeah, when your heart's broken
And he leaves, leaves the scars open
Drunk cry-crying on his shoulder
That's when you get a little colder They'd have to break me down
Show me real love
Oh but lately these boys, all they do is they fuck my head up
They say
Why'd you never trust
Why'd you never love
Why'd you never let 'em in?
Why'd you wake up
With somebody in your bed again?
And say you love them till you leave
Don't you wanna stay
Don't you wanna try
Putting up a fight
Deep down you know
You know you could make it right
Don't just give in
Oh no When you're young and you get your heartbroken

And he leaves, leaves the scars open
When you can't believe it's over
That's when you get a little colder
Yeah, when your heart's broken
And he leaves, leaves the scars open
Drunk cry-crying on his shoulder
That's when you get a little colder
When you let your guard go
When you let your heart fall
When it starts to hurt oh
That's when you get a little colder
When you're young and you get your heartbroken
And he leaves, leaves the scars open
When you can't believe it's over
That's when you get a little colder
Yeah, when your heart's broken
And he leaves, leaves the scars open
Drunk cry-crying on his shoulder
That's when you get a little colder
When you let your guard go
When you let your heart fall
When it starts to hurt oh
That's when you get a little colder
When you let your guard go
When you let your heart fall
When it starts to hurt oh
That's when you get a little colder
