

# Lost in the Middle of Nowhere (feat. Becky G)

## Kane Brown & Becky G.

[Verse 1: Kane Brown]  
Passed our exit five ago  
Four lanes to county roads  
Playlist lighting up the dark  
808's and pounding hearts[Pre-Chorus: Becky G & Both]  
Won't tell nobody where we're going  
Just you and me and the headlights glowing  
Girl don't you know you got the key to my heart  
In my car, let's go far  
[Chorus: Kane Brown]  
Lost in the middle of nowhere  
Where there is no cares  
Me and you out there all alone  
Blue light shining, county riding  
Not one bar on our phones  
Counting the white lines as they blur by  
Till there's gravel on the ground  
They won't find us if we don't wanna be found[Post-Chorus: Kane Brown]  
Lost in the middle of nowhere  
Lost in the middle of nowhere[Verse 2: Becky G]  
Static building up in here  
Where you take me, I don't care  
The further we get, the closer we are  
Blurring the lines under midnight stars  
[Pre-Chorus: Becky G & Both]  
Won't tell nobody where we're going  
Just you and me and the headlights glowing  
Yeah boy, I know you got the key to my heart  
In your car, take me far[Chorus: Kane Brown]  
Lost in the middle of nowhere  
Where there is no cares  
Me and you out here all alone  
Blue light shining, county riding  
Not one bar on our phones  
Counting the white lines as they blur by  
Till there's gravel on the ground  
They won't find us if we don't wanna be found[Post-Chorus: Kane Brown & Becky G]  
Lost in the middle of nowhere  
Lost in the middle of nowhere  
(Lost in the middle of nowhere, yeah)[Bridge: Kane Brown & Both]  
We're young and the highway goes on forever  
Come on girl, no time to waste, it's now or never

We're young and the highway goes on forever  
And ever and ever[Chorus]  
Lost in the middle of nowhere  
Where there is no cares  
Me and you out here all alone (Out here all alone)  
Blue light shining, county riding  
Not one bar on our phones (Not one bar on our phones)  
Counting the white lines as they blur by  
Till there's gravel on the ground  
They won't find us if we don't wanna be found[Post-Chorus]  
Lost in the middle of nowhere (Nowhere)  
(Lost in the middle of nowhere, yeah  
Lost in the middle of nowhere)  
Lost in the middle of nowhere
