

# Whole Life

## Mpulse

They say that time is of the essence,  
But time is money I've been trying to find investors,  
I'm trying to run it, I'm a product of Chicago, I don't take no shit,  
But I follow the money everywhere I make those trips. I'm a veteran who's never been  
malevolent at this,  
They been talking like somebody's really better than the kid,  
I been grinding, who been working harder?  
Harder, higher-ups can see it, but they ain't been calling. Fuck 'em all, I swear I'm about to start  
a war,  
This been like the Art of War,  
You ain't with the team, fuck you mean,  
Fuck we talking for? They don't like the sound, I guess they just way too used to fake,  
All this heat I'm thinking might make these people hallucinate,  
Hey, what'd you do today, I don't know, something great,  
I don't know who revved 'em up, he might want to pump his brakes.  
I might have to raise the stakes,  
I might have to change it up,  
They might have to hang it up,  
None of these dudes can hang with us. I deserve it on the real, I'm just tryin' to touch a meal,  
Pay all of my mama's bills, like,  
Chasing all these 100-dollar bills,  
It's too hard to sit still, can't you see this shit is real life? CHORUS I been waiting on this shit my  
whole life.  
I been waiting on this shit my whole life,  
I been waiting on this shit my whole life,  
I been waiting on this shit my whole life. I'm everything that they wanna be,  
I swear I'm they goals,  
I never gave up on my dreams,  
And only followed my soul.  
I been dreaming 'bout this shit since like 11 years old,  
My potential turned into credentials, I tried to convince you,  
Even if it means I never end up seeing the top,  
I can sleep knowing I never tried to be what I'm not. You know my name, don't try to act like  
you don't see it a lot,  
I keep my circle small, they only want a piece of the pie,  
I keep it real, that's how I'm gonna keep it forever,  
I love to see them puzzled whenever they piece it together. I move like an organization, we keep  
shit together,  
I'm just as surprised as you are on how I keep getting better,  
[Better, better]  
I deserve it on the real, I'm just tryin' to touch a meal,  
Pay all of my mama's bills, like.

Chasing all these 100-dollar bills, it's too hard to sit still,  
Can't you see this shit is real life. CHORUS I been waiting on this shit my whole life.  
I been waiting on this shit my whole life,  
I been waiting on this shit my whole life,  
I been waiting on this shit my whole life. I been waiting on this shit my whole life.  
I been waiting on this shit my whole life,  
I been waiting on this shit my whole life,  
I been waiting on this shit my whole life.
