

Run

A.M. SNiPER

Ye-yeah

1AM

YahAyo BeatzI see them come, I see them go

You see the wave, Poseidon flow

She feels the beat, she likes the drop

The cars, the bikes, the checks, the lot

Nowadays we don't compete

I pop, I stream, I clock the scene

They pree, they pee, they watchin' me

2Pac 'cause it's all eyes on me

They run, they run

Body anybody, when I pull up on a set, they run

They run, they run

If you ain't talkin' money when I pull on a set, say nothin'

They run, they run

Body anybody, when I pull up on a set, they run

They run, they run

If you ain't talkin' money when I pull on a set (splash)Nowadays man are gettin' bills just to count this cash

Pull up on an op, they run, they be lookin' like flash

Pull up in a whip, pull it in, pull it out and smash

Then I just dash (skrt, skrt, skrt, skrt)Hehehe

Yeah, we out there

Run, run, run, run, run

You know my bars, you know my flow

You know my clubs, we run the show

I break the rules, I break the mould

You see my chain, see

We do or die, we drip Dior

She likes it wet, she wants some more

I get the cash, I stack the bop

Man break records like Usain BoltThey run, they run

Body anybody, when I pull up on a set, they run

They run, they run

If you ain't talkin' money when I pull on a set, say nothin'

They run, they run

Body anybody, when I pull up on a set, they run

They run, they run

If you ain't talkin' money when I pull on a set (splash)

They run (splash)Nowadays man are gettin' bills just to count this cash

Pull up on an op, they run, they be lookin' like flash

Pull up in a whip, pull it in, pull it out and smash

Then I just stash (skrt, skrt, skrt, skrt)They run, they run
Body anybody, when I pull up on a set, they run
They run, they run
If you ain't talkin' money when I pull on a set, say nothin'
They run, they run
Body anybody, when I pull up on a set, they run
They run, they run
If you ain't talkin' money when I pull on a set (splash)Nowadays man are gettin' bills just to
count this cash
Pull up on an op, they run, they be lookin' like flash
Pull up in a whip, pull it in, pull it out and smash
Then I just stash (skrt, skrt, skrt, skrt)Run, run, run, run, run
