

# Out of the Black

## Royal Blood

How did it feel when it came alive and took you  
Out of the black  
It broke your skin and sthrough  
Every part of me, every part of you You made a fool out of me  
And took the skin off my back running  
So don't breathe when I talk  
'Cause you haven't been spoken to I got a gun for a mouth and a bullet with your name on it  
But a trigger for a heart beating blood from an empty pocket  
I never knew why  
And you didn't care when  
It closed every door  
And washed away no sin And I promised you  
Like you promised me  
That those vows we made  
Fucked it up for free You made a fool out of me  
And took the skin off my back running  
So don't breathe when I talk  
'Cause you haven't been spoken to I got a gun for a mouth and a bullet with your name on it  
But a trigger for a heart beating blood from an empty pocket  
You made a fool out of me  
And took the skin off my back running  
So don't breathe when I talk  
'Cause you haven't been spoken to  
I got a gun for a mouth and a bullet with your name on it  
But a trigger for a heart beating blood from an empty pocket  
And it tortures slow  
Never lets you go  
Deals a crooked hand
