

Just Sing (Trolls World Tour)

Justin Timberlake, Anna Kendrick, James Corden, Kelly Clarkson, George Clinton, Mary J. Blige, Ander

You think you've gotta hide it
Don't keep it on the shelf
Let your waist start moving, watch the way I do it, do it See me do it like nobody else If we sing
it all together (If we sing it all as one)
It's not a thing you sell (Once again, everyone)
Everybody's lookin' (See you lookin' now), watch the way we do it, do it (Hol' up, watchin' how
I do it)
'Cause we do it like nobody else Let me hear you sing, don't you stop it, don't you fight it
Let me hear you sing, if you got it, can't deny it
Let me hear you, it's waiting for you
Already, you know that you do it like nobody else
Just sing, sing it together
Louder than ever, ever, forget everything
Just sing like it's what we've been missing
And they're gonna listen, listen, forget everything (Let me hear you)
Hey, I've been out here where you standin' (I've been standin' on the ground)
And the walls are cavin' in (All the walls are fallin')
But my lips start movin' with the soul I put into it
And you never heard it done like this Let me hear you sing, don't you stop it, don't you fight it
Let me hear you sing, if you got it, can't deny it
Let me hear you, it's waiting for you
Already, you know that you do it like nobody else
Just sing, sing it together
Louder than ever, ever, forget everything
Just sing like it's what we've been missing
And they're gonna listen, listen, forget everything Let me hear you sing (Alright, yeah)
Let me hear you (Mm, let me hear you sing, yeah)
Let me hear you sing (I want you to sing from your soul, I want you to reach with your elbow)
Let me hear you (Alright)
Let me hear you sing, it's waiting for you
Already, you know that you do it like nobody else Just sing, sing it together
Louder than ever, ever, forget everything
Just sing like it's what we've been missing
And they're gonna listen, listen, forget everything
Just sing, sing it together (Listen)
Louder than ever, ever, forget everything
Just sing like it's what we've been missing
And they're gonna listen, listen, forget everything Just sing, sing it together
Louder than ever, ever, forget everything
Just sing like it's what we've been missing
And they're gonna listen, listen, forget everything

Just sing
