

If You Think You're Lonely Now

[Bobby Womack](#)

I wanna dedicate this song to all the lovers tonight.
And I expect that might be the whole world because everybody needs something or someone to
love. When it's cold outside, who are you holding?
You know, if y'all don't mind, I'd like to talk about this woman of mine.
She's always complaining about me never being at home.
But when I'm there, I'm broke.
She's telling me about the things that her girlfriend's got, what she ain't got.
And she wants me to go out and get it for her brother.
But girl, I can't be in two places at one time. If you think you're lonely now, huh,
Wait until tonight, girl.
(If you think you're lonely now,) I'll be long gone
(Wait until tonight, girl.) And you'll never find another man that'll treat you right.
(If you think you're lonely now,) When I ain't there to rub your back,
(Wait until tonight, girl.) Just remember I made it a long fact.
When the skeletons come out of the closet
And they chase you all around the room.
And the memories sail on like a ghost
And that's a matter of fact, no joke. Ahhh, if you think you're lonely now,
Aw, wait until tonight. (Wait until tonight, girl.)
I'll be long gone (If you think you're lonely now,)
(You just wait until tonight, girl.) And you'll never find another man that'll treat you right.
(If you think you're lonely now,) If you think you're lonely now,
Wait, wait, wait until tonight, girl. Oh, ain't it funny how them tables turn when things aren't
going your way.
But when love walks out and the pain walks in
And it settles for a stay. Oooh!
(If you think you're lonely now,) Lord, help me.
I feel like I wanna testify. (Wait until tonight, girl.)
If you think you're lonely now,
Girl, wait until tonight. (Wait until tonight, girl.)
If you think you're lonely, lonely, lonely now,
(Wait until tonight, girl.) Aw, you just wait until tonight, girl.
If you think you're lonely now,
Wait until tonight, girl. You see, tonight's the night when they need to come out
When your needs come out to creep.
And you toast the stars and there ain't no way you can sleep.
Oooh, oooh, oooh, oooh. (If you think you're lonely now,) If you think you're lonely now.
(Wait until tonight, girl.) I feel like I wanna testify this evening.
(If you think you're lonely now,) I'm lonely, 'cause I know I gotta leave you.
Oh girl, I just can't take no more. (Wait until tonight, girl.)
(If you think you're lonely now,) Hoo, hoo, hoo, hoo, oooh.
Oh girl, you just wait. (Wait until tonight, girl.)

(If you think you're lonely now,) If you think you got problems now, baby, you just wait.
Wait. (Wait until tonight, girl.)(If you think you're lonely now,)
Too far gone to back it up now. (Wait until tonight, girl.)
(If you think you're lonely now,)
Ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, baby.
(Wait until tonight, girl.)
You say you're a little lonely, (If you think you're lonely now,)
But everybody needs somebody to love.
(Wait until tonight, girl.)
(If you think you're lonely now,)
It's good that you know that you got somebody that'll stand by your side, that'll build you up
when you're falling down.
(Wait until tonight, girl.)
And you had that someone, baby,
(If you think you're lonely now,) 'Cause I've done my time.
(Wait until tonight, girl.) And it's your turn now.
(If you think you're lonely now,) If you think you're lonely now,
(Wait until tonight, girl.) Wait, wait until tonight.
(If you think you're lonely now,) I'm tired,
Tired of the same old, sick and tired. (Wait until tonight, girl.)
It's been too long to think we can start all over again.
(If you think you're lonely now,)
It's been too long to think we can start over just one more time.
(Wait until tonight, girl.)
If you think you're lonely now...
