

# Liar

## ONE OK ROCK

What do you want from me?  
Just let me breathe a little  
What do you want to see?  
Me ni mieru mono?What do you want to believe?  
Still nothing can settled  
Hold on your words you say  
It's no goodNani wo motome  
Soshite nani wo ukeireu?  
Futatsu ni hitotsu!!  
Boku ni wa mada sore ga I don't know  
Tonari de warau kimi wa  
Hey liar, Hey liar  
What do you think of living without me?  
Hey liar, Hey liar  
Nani ga uso de dore ga shinjitsu?Must be a dream i see  
Marude deja vu no you  
Trying so hard to know inside of you  
Satring your eyes to feel kono omoi ga  
Todoku youni to  
Negau kedo risou to wa uraha So cold  
Tonari de hohoemu kimiHey liar, Hey liar  
Are mo kore mo uso jya mou  
I'm tired, So tired  
What do you think of living without me?  
There is nothing left to bleed My heart can't take this anymore  
There is nothing left to bleed Hey liar, Hey liar  
What do you think of living without me?  
Nee liar, Oh yeah liar  
Todomaru koto wa muimi
