He played a song  
Filled With sadness I believed him  
Even though  
We're strippin'  
With madness I could see it  
We were lost

In the music  
Everyone knew it Truth  
Was in the air  
Tonight  
I could see  
All the faces  
They thought The same  
Won't you please  
Play me a song  
About heartache  
I promise I can sing  
Every word  
Play me a song  
About love lost  
That's another one  
Everyone's heard  
Strike up the band  
We can have  
The whole world  
Singing tonight  
We can have  
The whole world  
Singing tonight  
We can have  
The whole world  
Singing tonight  
We can have  
The whole world  
Singing tonight  
(Mr. Piano Man)  
Play a song for us  
(Mr. Piano Man)  
Play a song for love  
(Mr. Piano Man)  
Play a song for us  
(Mr. Piano Man)  
Play a song for love  
(Mr. Piano Man)  
He was going  
For hours  
People  
Crying showers  
No one ever really  
Telled how it is  
I sang  
About hopeless  
Cause everyone  
Knows it, knows it  
And it was

So honest  
Finally breathing  
Some clean air  
Been through it  
And seen there  
I put my star  
To fame  
Now the spotlight  
Was fading  
He just kept  
On playing  
Play me a song  
About heartache  
I promise  
I can sing  
Every word  
Play me a song  
About love lost  
That's another one  
Everyone's heard  
Strike up the band  
We can have  
The whole world  
Singing tonight  
We can have  
The whole world  
Singing tonight  
We can have  
The whole world  
Singing tonight  
We can have  
The whole world  
Singing tonight  
(Mr. Piano Man)  
Play a song for us  
(Mr. Piano Man)  
Play a song for love  
(Mr. Piano Man)  
Play a song for us  
(Mr. Piano Man)  
Play a song for love  
(Mr. Piano Man)
