

Low (feat. Oliver Ford)

[Matt Kali](#)

-1st Verse-You are always being so reckless
and everyday you got me stressin'
got me asking why-y-y
why do i try-y-y-y
you always hit me up first
put you on do not disturb
we do this every ti-i-i-ime
you're fuckin with my vi-i-ibe-Chorus-
Cause i got a million problems
but I know I'm never gonna solve them
wasting my time on this drama
focused on adding them commas
you could be the tingle in my waist
but you shouldn't be playing them games
yeah, why you gotta be so
why you gotta be so low low low low low?-2nd Verse-Hit me on the text I wonder why
falling for the same shit every night
get faded and you cant go home
scared of being on your own
actin like you need my assistance
and ask me why being dismissive
you pull me in the wrong direction
I guess I never learn my lesson
-Chorus-Cause I got a million problems
but I know I'm never gonna solve them
wasting my time on this drama
focused on adding them commas
you could be the tingle in my waist
but you shouldn't be playing them games
yeah, why you gotta be so
why you gotta be so low low low low low?
