Saweetie

CashMoneyAP

Lumey has been cookin' that You've been playin' for too long, too long

Boy, I'm tryna see some, yeah

You be actin' like you ain't sprung, ain't sprung

I'ma give you what you want

I'ma pull up with that good good

Uh, pull up bougie in the hood, hood

I'ma pull up with that good good

Uh, pull up bougie in the hood, hood

Yeah, I'ma give you what you want

Nigga I'm a boss, nigga, I'm a boss

Play me, nigga, never, that'll be your loss

So don't try to talk

Better off without me? Come on dawg, that's a front

Call you, text you, hit your number

I can get you when I want

Late at night with my girls in the club about to end

Got me scrollin' through my phone, hit your name, send that pin

When you see them grey dots then you know what's happenin'

He just asked me where I'm at, I just sent my location

Better get my ass an Uber, get me to your destination

Why you blowin' up my phone? Boy, I said I'm pullin' up

Unlock your door, I'm walkin' in a lil' tipsy from the club

You've been talkin' shit all week, now I'm 'bout to see what's up

You've been playin' for too long, too long

Boy, I'm tryna see some, yeah

You be actin' like you ain't sprung, ain't sprung

I'ma give you what you want

I'ma pull up with that good good

Uh, pull up bougie in the hood, hood

I'ma pull up with that good good

Uh, pull up bougie in the hood, hood

Yeah, I'ma give you what you want In my Toyota but it's feelin' like a Rover when I ride

If daddy trickin' then I'm Trina, so come let me slip and slide

You in the north, I'm in the south, that's like a 30 minute drive

But wait, oh shit, a little longer since I'm on the 405

You know how traffic be backed up, hard to be on time

And it take a minute for me to get this fine

I be dressed to kill these hoes, so it's worth the crime

Please don't catch an attitude 'cause then I will catch mine

Oh yes I will, yeah, I will

Anyway, safe to say that we all on same page

I seen you three days straight, where we goin'? Should we wait?
Say you tired of the games, shit, that's all you got to say You've been playin' for too long, too
long

Boy, I'm tryna see some, yeah
You be actin' like you ain't sprung, ain't sprung
I'ma give you what you want
I'ma pull up with that good good
Uh, pull up bougie in the hood, hood
I'ma pull up with that good good
Uh, pull up bougie in the hood, hood
Yeah, I'ma give you what you want When you want
Boy you know I got it so I flaunt
Pull up with that good good
Pull up with that good good You've been playin' for too long, too long
Boy, I'm tryna see some, yeah
You be actin' like you ain't sprung, ain't sprung
I'ma give you what you want
I'ma pull up with that good good
Uh, pull up bougie in the hood, hood
I'ma pull up with that good good
Uh, pull up bougie in the hood, hood
Yeah, I'ma give you what you want
