

# Company (feat. A Boogie wit da Hoodie)

## Remy Ma

[Verse 1: Remy Ma]

Baby, what you want from me?

I been gettin' money, I could really put you on your feet  
I was gettin' one visit, two phone calls, three showers a week  
Now I get like 90K for my voice just to touch the beat, but yo  
I will never ask you what you got for me

I just want some sloppy, every couple days I want the D

I don't need no E, I got some M's and now I got a G

Can't explain the nueva, boy, it's somethin' you gotta see, but yeah [Chorus: A Boogie Wit Da Hoodie]

She just want good vibes, she just need company (company)

She don't go outside unless she come for me (come for me)

V12 and my 'rari, scratchin' up to me

My baby said goodbye, now she don't fuck with me

I ain't got no time for her, she tired of me (tired of me)

Fuckin' with my mind, she tellin' lies to me (lies to me)

Lately I been runnin' out of company

My baby said goodbye, now she don't fuck with me

[Verse 2: Remy Ma]

Yeah, see, I'm a real bitch, real niggas fuck with me

If I ain't send for you, bitch, then don't come for me

You not a G and took a L, why? 'Cause you ugly
