

# Safe Inside

James Arthur

I remember when you were all mine  
Watched you change in front of my eyes  
What can I say  
Now that I'm not the fire in the cold  
Now that I'm not the hand that you hold  
As you're walking away Will you call me to tell me you're alright  
Cause I worry about you the whole night  
Don't repeat my mistakes  
I won't sleep until you're safe inside  
If you're home I just hope that you're sober  
Is it time to let go now you're older  
Don't leave me this way  
I won't sleep until you're safe inside  
Everyone has to find their own way  
And I'm sure things will work out okay  
I wish that was the truth  
Oh, and always the sun will rise  
Thank your lucky stars that you're alive  
It's a beautiful life Will you call me to tell me you're alright  
Cause I worry about you the whole night  
Don't repeat my mistakes  
I won't sleep until you're safe inside  
If you're home I just hope that you're sober  
Is it time to let go now you're older  
Don't leave me this way  
I won't sleep until you're safe inside  
If you make the same mistakes  
I'll love you either way  
All I know is that I can't live without you  
There is nothing I can say  
That will change you anyway  
Darling, I could never live without you  
I can't live, I can't live Will you call me to tell me you're alright  
Cause I worry about you the whole night  
Don't make my mistakes  
I won't sleep, I won't sleep  
If you're home I just hope that you're sober  
Is it time to let go now you're older  
Don't leave me this way  
I won't sleep until you're safe inside Will you call me to tell me you're alright  
Cause I worry about you
