

# Omen

Sam Smith

I'm feeling something, something different  
When you left, my picture changed  
I was blinded, I'd not envisioned  
The same face in a different frame  
It's an omen, caught my baby crying  
Saw the silver lining  
It must be an omen  
Needed you to show me, without you I am lonely  
My mind would rule my heart  
I didn't pay attention to the light in the dark  
It left me torn apart  
But now I see your tears as an omen  
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen  
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen  
You were waiting, I was vacant  
You left before my eyes, then it hit me  
You're relocating and I need you by my side  
It's an omen, caught my baby crying  
Saw the silver lining  
It must be an omen  
Needed you to show me, without you I am lonely  
My mind would rule my heart  
I didn't pay attention to the light in the dark  
It left me torn apart  
But now I see your tears as an omen  
My mind would rule my heart  
I didn't pay attention to the light in the dark  
It left me torn apart  
But now I see your tears as an omen  
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen  
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen  
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen  
Oh-Oh-Oh-Oh Oh-Oh-Oh Omen
