

Honest

Shawn Mendes

Hey, how's it going?
Can you meet down on Eli street?
Can you talk for a moment?
There's no way to say this that easily
Everything I said, I swear I meant it
I need to tell you that this isn't your fault
And I know that I'll probably regret it
And it kills me 'cause the worst part of all It's that I hate to hurt you
But I gotta be honest
I can't give you what you need
You deserve more than I can promise
And I'm just tryna, I'm just tryna
Baby, I'm just tryna be honest
I'm tryna be honest with you
You know that I'm sorry
But I'm tryna be honest with you
Hey, can you listen?
I swear to God to you, there's nobody else
You're gonna say that I'm lyin'
When I tell you every feeling I felt
Was honest and sincere
And that you were different
And when we kissed I felt like that kid in love, yeah
And I know that I'll probably regret it
And I wish I never said this at all Oh, I hate to hurt you
But I gotta be honest
I can't give you what you need
You deserve more than I can promise
And I'm just tryna, I'm just tryna
Baby, I'm just tryna be honest
I'm tryna be honest with you
You know that I'm sorry
But I'm tryna be honest with you
Oh, oh, oh
I don't wanna see you cry
Oh, oh, oh
Swear that I don't wanna see you cry 'Cause I hate to hurt you
But I got to be honest
I can't give you what you need, oh
You deserve more that I can promise
And I'm just tryna, I'm just tryna
Baby, I'm just tryna be honest I hate to hurt you

But I got to be honest
I can't give you what you need, oh
You deserve more than I can promise
And I'm just tryna, I'm just tryna
Baby, I'm just tryna be honest
