

Wonder Woman

[Kacey Musgraves](#)

I like where this is going, and you like it, too
We rarely never ever don't see eye to eye
We're going to I can show you strong, I can fight for you
I can try to move mountains if you want me to But, baby, I ain't Wonder Woman
I don't know how to lasso the love out of you
Don't you know I'm only human?
And if I let you down, I don't mean to
All I need's a place to land
I don't need a Superman to win my lovin'
'Cause, baby, I ain't Wonder Woman
Bet all that gold gets heavy weighin' on her
I wonder if it's scary, always tryin' not to get hurt I know how it feels, it ain't easy
There's a reason why you only see it in the movies 'Cause, baby, I ain't Wonder Woman
I don't know how to lasso the truth out of you
Don't you know I'm only human?
And if I let you down, I don't mean to
All I need's a place to land
I don't need a Superman to win my lovin' You don't know how to fly, no, hm hm hm
That's okay, neither do I
I know I ain't Wonder Woman
I don't know how to lasso the love out of you
Don't you know I'm only human?
And if I let you down, I don't mean to
All I need's a place to land
I don't need a Superman to win my lovin'
'Cause, baby, I ain't Wonder Woman
Yeah, I know I ain't Wonder Woman
