

Kingdom Come (feat. Iggy Azalea)

Demi Lovato

Can we love until there's nothing left
And we're collecting dust (dust)
Use the hell out of outgolden souls
Until we're flecks of rust (rust)A love so deep, nothing else like it
Scars go deep, but they can't find it
Flame so bright make the daylight look dark (dark)Cross my heart that I'd die for ya
Cross my heart that I'll always keep ya
Cross my heart like a bitter sweet tattoo (tatto)And we go oh
You're my kingdom come
Oh
You're my kingdom come
Sit me on your throne
Yea, yea, yea
Let it intertwine your hand in mine
And fill the empty space (space)
All the demons cry cause you and I
Found love in a broken place (place)A love so deep, nothing else like it
Scars go deep, but they can't find it
Flame so bright make the daylight look dark (dark)Cross my heart that I'd die for ya
Cross my heart that I'll always keep ya
Cross my heart like a bitter sweet tattoo (tatto)And we go oh
You're my kingdom come
Oh
You're my kingdom come
Sit me on your throne
Yea, yea
Yea, yea
Yea
Iggs
Gather around, now I'm back from my holiday
"Long live the Queen" what the people say
And that be me I got a king in my cavalry
Them other knights say goodnight
They get apathy
You'll never catch an Adam without Eve
You'll never catch a Blue without Steve
See what I mean you're my Caesar, burn my chariot
You know Family Matters, what's Carl without Harriot?Inseperable like Mary Kate and Ashley
Incredible, I'm ready if you ask me, to ride on them
Them meaning chicks ya feel me?
I break 'em down, it's a sport, I should win an Espy
Royalty another level, boy your throne shine

Legendary love, the nation needs a paradigm
Call all the king's horses and all the kingsmen
We rule until the end (kingdom come)And we go oh
You're my kingdom come
Oh
You're my kingdom come
Sit me on your throne
YeaYou're my kingdom come
So sit me on your throne
Yea
You're my kingdom come
So sit me on your throne
