

# VIP

## Jamie Foxx

[Verse 1:]

Walked up in the spot like what, gettin'  
love from the ladies and the thugs  
I'm just, tryna get this party off  
So this, can be a night to remember  
Ladies lookin' so damn fly  
About, ten of them caught my eye  
I might, show them the time of their lives  
'cause its, a special party tonight

[Chorus:]

Everybody in my party is VIP  
We gone sip champagne for free  
Your night of ecstasies on me  
Lettin' people in  
'cause everybody in my party is VIP  
We gone shot patron for free  
Your night of ecstasies on me  
Come on to VIP
