

# Bring Me To Life (feat. Milly Pye)

[MK](#)

I just came back from the other side,  
From the black wild world, all colors run dry  
and all my demons feels like they've disappeared tonight

Like I just broke in to the morning light,

You-uuu bring me to life

You-uuu bring me to life

You-uuu,

Now the world looks so die for  
and you've opened up my eyes

Bring me to life,

You-uuu

I just came out of the darkest night  
Where strangers got me hypnotized  
Oh oh, no one gets out of here alive  
But today's not the day, not the day that I die

You-uuu bring me to life

You-uuu bring me to life

You-uuu,

Now the world looks so die for  
and you've opened up my eyes

Bring me to life,

You-uuu,

and all my demons feels like they've disappeared tonight

No, no today's not the day, not the day that I die

Bring me to life,

You-uuu,

Bring me to life,

You-uuu,

Now the world looks so die for  
and you've opened up my eyes

Bring me to life,

You-uuu
