

Disco Heaven

Lady Gaga

Oh, disco heaven
Oh, disco heaven Get back, bunny
It's getting cold in here, little honey
We got a show to put on your dress
Take a minute for us and relax, relax
Cupid's got me, oh with his bow and arrow, baby
He'll hit you in the pants, hot pants
Get the people to dance and relax, relax Oh the lights dim while we're dancing
Yeah the floor is shakin'
In this disco heaven
D-disco heaven
Oh the lights dim while we're dancing Yeah the floor is shakin'
In this disco heaven
D-disco heaven
Throw your head back, girly
Throw it like those girls in the movies
We got a show to put on your dress Take a minute for us and relax, relax The ball is turning, a
300 mirrors burning
Through the hearts of the crowd
In the back hips just banging the track
To the music, music Oh the lights dim while we're dancing
Yeah the floor is shakin'
In this disco heaven
D-disco heaven
Oh the lights dim while we're dancing
Yeah the floor is shakin' in this disco heaven
D-disco heaven
Oh we got that disco
D-I-S-C-O
And we're in heaven H-E-A-V-E-N
Disco heaven
Feels just like heaven
Disco heaven
Disco heaven A line up for the dance Yeah bring those fancy pants
Y'know there's disco in the air
And hairspray everywhere
A disco heaven
A disco heaven
Disco heaven
Disco heaven
Oh the lights dim while we're dancing
Yeah the floor is shakin' in this disco heaven

D-disco heaven
Oh the lights dim while we're dancing
Yeah the floor is shakin'
In this disco heaven
D-disco heaven
