

# I Love You This Big

Scotty McCreery

I know I'm still young  
But I know how I feel I might not have too much experience  
But I know when love is real By the way my heart starts pounding  
When I look into your eyes  
I might look a little silly Standing with my arms stretched open wide  
I love you this big  
Eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life Explaining what words cannot describe but I'll try  
I love you this big  
I'll love you to the moon and back  
I'll love you all the time Deeper than the ocean  
And higher than the pines 'Cause, girl, you do something to me  
Deep down in my heart  
I know I look a little crazy  
Standing with my arms stretched all apart  
I love you this big  
Eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words cannot describe but I'll try  
I love you this big  
So much bigger  
Than I ever dreamed my heart ever would  
I love you this big  
And I'd write your name in stars across the sky  
If I could, I would  
I love you this big  
Oh, eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words cannot describe but I'll try  
I love you this big  
Oh, eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words cannot describe but I'll try  
I love you this big
