

Playing in the Wind

French Montana & Max B

All my niggas fly high, we playin' in the wind
All my niggas fly high, we playin' in the wind
All my niggas fly high, we playin' in the wind
All my niggas flyin' high, we playin' in the wind

Frank Lucas and Blake Griffin

Same time as [?]

Trips to Puerto Rico, all that Rico Love

Packs in the hallway is [?]

Paranoid, yeah the streets talk

Got me swimmin' with the Desert, man, seahawk
I be swervin', got a hundred thousand in my denim

And we can talk about these crabs for dinner

Pop them pills, smokin' dank, drinkin' lean too

Got me runnin' through the fire with gasoline suit

All eyes, closed mouth

Fake friends, lost ties, [?]

Courtside, climb fences, barbed wires

Bars wired, been ballin', [?]

Whispers in the dark give you cold heart

Kill the ink, paid in full, Eric B

Rakim Allah, say a prayer doin' bad or good

Buy the charts, can't buy the hood

[?] in the paint, [?] in the lane

Welker with the bank, piranhas in the tank

Shorty want me back

Was the best she ever had
