

Say It to My Face

Lil' Flip

Aye, aye, aye Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh You and your mouth to them hoes, why you ain't say it to my
face?
You ain't playin' wit a kid, I'ma put you in your place
I got niggas on my team who ain't scared to catch a case
Catch your bitch while she's shoppin' and put that pistol by her waist
Push her in your car, then take her to your place
Bitch, where the jewelry at? Hurry, open up the safe
When it comes to gettin' bread I'm ahead in the race
Infrared to his head, it's just another murder case The game really over when you see that yellow
tape
Pop the Lucky Nites, niggas, let's celebrate
These niggas love to hate but I'm aight wit' that
These M-16's will push your whole temple back Nigga, remember that I am not a game
I guarantee y'all, niggas, coppin' my chain
'Cause y'all jackin' my style, you can't fuck with my flow
And she a dyke, bitch, you can't fuck with my hoe I'm still pumpin' that dro, I'm still thuggin' fo
sho
You hear that knock, nigga? Courtesy of Z-Ro
Don't be no hero, just play your part nigga
You beef with me then it mean you ain't smart, nigga
Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh Look, a lot of y'all rappers turn up so bold but can't nobody
touch me
But in the real we infiltrate, penetrate, muthafucka
So one might get cool wit' you just to do your ass end
I be openin' up in your whip and it's comin' through your glass in Whether you standin' in my
upper arm from the side of my forearm
I can walk without security 'cause ain't nobody gon' do 'Ro no harm
Before I go fuck all y'all I feel I own ya that much
And if you wonder what it is that makes me act this way
Nigga, that's nuts We got fat nuts, you know the kind your baby momma like

Anythin' I say behind your back I'm willin' to say it to your face twice
Fuck Lil' Flip, Fuck Z-Ro, I don't be listenin' to their shit
May the same ones that at our shows
Recite our lyrics think that their shit I'm just waitin' to hear somebody slander my name in a song
Same day it come out, I pull a 2-8 gun out
And ditch that bitch when I leave your home
Murder ain't crazy, just necessary sometime
I call a 14-40 and then you check out that's when I put my gun down Why you actin' like a hoe?
Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh Why you actin' like a hoe? Nigga, say it to my face
You rather rap it in a flow, why you ain't say it to my face?
Now I know your ass a hoe, you shoulda said it to my face
Man, that nigga gotta go, oh, oh, yeah
