

# Brother Highway

Ned LeDoux

The road and I have been like brothers  
all the miles and time we've spent together  
Yeah, we've seen it all  
We both seen changes in our time  
Busted dreams and detour signs  
We keep rolling on Brother highway, we've seen it all  
Through the wind and the rain and the snowfall  
No matter how far out I roam  
I need you brother to get me home  
The interstate or an old dirt road  
You're in my blood, and in my soul  
Well I was born to drive  
On the open road is where I belong  
when I'm with you I'm never wrong  
Within your long white lines Brother highway, we've seen it all  
Through the wind and the rain and the snowfall  
No matter how far out I roam  
I need you brother to get me home Now there's no place I'd rather be  
than there at home with my family  
But I keep my suitcase packed  
'cause you and I know it won't be long  
Those humming tires are like a song  
and they keep me coming back  
Brother highway, we've seen it all  
Through the wind and the rain and the snowfall  
No matter how far out I roam  
I need you brother to get me home I need you brother, to get me home
