

All I Need to Know

Kenny Chesney

(steve seskin/mark alan springer)

With a little luck this ol' truck will get me home today
with a little more i'll still have this job tomorrow
weather man says a wet weekend he just might be right
but rain or shine you'll be mine tonight

That's all i need to know

in a world where most things come and go

i'll always have you to hold

and that's all i need to know

Heaven knows i ain't even close to bein' god's gift to women

but in your arms i feel like i am

i don't know it all, i sure can't solve

the problems of the human race

but i know how to bring a smile to your face

That's all i need to know

in a world where most things come and go

i'll always have you to hold

and that's all i need to know

Darlin', say it one more time

you will forever be mine

That's all i need to know

in a world where most things come and go

i'll always have you to hold

and that's all i need to know

i'll always have you to hold

that's all i need to know
