Peaches

Triple bypass at the double A, triple X
Here it comes
Make sure you can hear me before you speak up
All you motherfuckers step up I like the innocent type
Deer in the headlight
Rocking me all night
Flexing his might
Doing it right
Keeping me tight
Taking a bite out of the peach tonight
I like the innocent type
Deer in the headlight
Rocking me all night
Flexing his might
Doing it right
Keeping me tight
Taking a bite out of the peach tonight Consider my suspicion
Let's see if my intuition
Has any volition
'Cause I'm on a mission
For the omission, the competition
And the definition of my position
It's bitching, it's bitching, it's bitching, it's bitching
Consider my suspicion
Let's see if my intuition
Has any volition
'Cause I'm on a mission
For the omission, the competition
And the definition of my position
It's bitching, it's bitching, it's bitching, it's bitching Only double A
Thinking triple X
Only double A
Thinking triple X
Only double A
Thinking triple X
Only double A I like the innocent type

Flexing his might
Doing it right
Keeping me tight
Taking a bite out of the peach tonight I like the innocent type

Taking a bite out of the peach tonight Only double A
