

La La La Love Song

BENI

Spinning around, like a merry-go-round
And I don't ever ever wanna stop baby
You are the music to my melody
La-la-la-la-la love song
Wanna make love, wanna make a love song hey babe
Wanna make love, wanna make a love song hey babe
Hear the rain tapping down on the rooftop
As we're cruising the city streets
Don't care how crazy the world seems outside
'Cause I got you next to me
There were times I was too shy to say it
How you're taking over my mind
But I know I'm not the only one
'Cause you bring that feeling back to me
Seems so right, like this was meant to be
(You make me feel brand new)
Cried lonely nights, but now you're all I see
(And I wanna love that's brand new)
When we kiss, it's gonna be so sweet
The kinda kiss that knocks you down oh so softly
Won't say a word, cause they don't mean a thing
Stay with me now and don't let go
You gave me strength the strength I needed
To give you everything my heart's been hiding
So this is how I want you to feel it
La-la-la-la-la love song
Wanna make love, wanna make a love song hey babe
Wanna make love, wanna make a love song hey babe
It's the sorrow of unhappy endings,
That brings the joy to brand new days
Like the rhythm of making love
Some things just can't be explained
But everytime I look at you I know
(You are my shining star)
Something inside was changing all along
(I wanna be your shining star)
Spinning around, like a merry-go-round
And I don't ever ever wanna stop baby
You are the music to my melody
La-la-la-la-la love song
Everytime we're here together
Time just flies I wanna stop it forever

So bittersweet but perfect melody
La-la-la-la-la love song
Baby I got all that you need, just let me take you higher
When we kiss, it's gonna be so sweet
The kinda kiss that knocks you down oh so softly
Won't say a word, cause they don't mean a thing
Stay with me now and don't let go
You gave me strength the strength I needed
To give you everything my heart's been hiding
So this is how I want you to feel it
La-la-la-la-la love song
Spinning around, like a merry-go-round
And I don't ever ever wanna stop baby
You are the music to my melody
La-la-la-la-la love song
Everytime we're here together
Time just flies I wanna stop it forever
So bittersweet but perfect melody
La-la-la-la-la love song
