

# Monday Morning Merle

Cody Johnson

Monday morning Merle  
Don't worry 'bout the girl  
He used to love  
Tuesday he's throwback Springsteen  
"Devils and Dust" Wednesday spins the Beatles  
Thursday it's the Eagles  
"Take it easy"  
Till that Friday rocks his world  
After Saturday on Jackson Browne  
He's "Sunday Morning Coming Down"  
And he's right back to missin' that girl  
Turns up "Misery and Gin"  
Here we are again  
At Monday morning Merle  
Monday morning Merle  
Lets that old broken heart  
Get back to work  
He hides all the holes and the hurt  
Under the dirt on his shirt  
And the only way that he can get  
Through the days and the regret  
Is a song full of truth  
With some words he never said  
With those whiskey remedies  
And those old-school melodies  
You can't forget  
That's why on Wednesday spins the Beatles  
Thursday it's the Eagles  
"Take it easy"  
Till that Friday rocks his world  
After Saturday on Jackson Browne  
He's "Sunday Morning Coming Down"  
And he's right back to missin' that girl  
Turns up "Misery and Gin"  
Here we are again  
At Monday morning Merle Wednesday spins the Beatles  
Thursday it's the Eagles  
"Take it easy"  
Till that Friday rocks his world  
After Saturday on Jackson Browne  
He's "Sunday Morning Coming Down"  
And he's right back to missin' that girl

Turns up "Misery and Gin"  
Here we are again  
At Monday morning Merle That's just "The way I am"  
"Sing me back home again"  
To Monday morning Merle  
Monday morning Merle
