

You Hot (feat. Styles P, Cory Gunz & Jadakiss)

Nino Man

[Intro]

Y'all niggas is hot

Y'all niggas is hot

Y'all niggas is hot

Y'all niggas is hot[Verse 1]

This is for the homies that be running around trapping

Stay away from niggas that be running around yapping

Homie on the phone hot

Talking about crafting

Now he locked up like what happened

Nigga you hot

This is for the swipers catching licks

Posting illegal money cuz they liking all your pics

Know that the [?] is watching

Prolly writing on your shit

He got indicted

He like somebody snitched

No nigga you hot

Real shit this for the gang, gang

That's letting go

All you hear is bang bang

Stop killing for petty shit

That's a lame thing

But I bet you the gone do the same thing

[Hook]

Just cuz niggas is hot

Y'all niggas is hot

Niggas is hot

You and your man name hot

Hot

Hot[Verse 2]

All I know is money come

Niggas shooting like it was 21

I ain't talking bull

But I came from the horn

That shit is sweet as a honey bun

That's what the police say

Niggas moving work on Ebay

If it includes a buck

Then imma turn it up

And cut it up like a DJ

Like a hammer that got a body on it

Like a spot that got niggas in it
Like that project heat when you mad high
With a hood rat and you digging in it

Hot

[Hook]

Just cuz niggas is hot
Y'all niggas is hot
Niggas is hot
You and your man name hot

Hot

Hot[Verse 3]

You bussing a tek, I'll never get enough of that
Or getting head during a car crash
Cuz I'm a fucking reck
I pop a couple of Ernies, some Burts
Roll up a cookie monster
Till I feel like Oscar a snuffaluffagus step
I rap like where the fuck is the breath
I act nice but that's when I plan not giving a fucking affect
I'm cold hearted with somewhat respect
I slit your throat in the blizzard
And give you a scarf to cover your neck
You robbed a nigga right on the block
Right in his spot
Where we keep the damn grams, rifles and glocks
Now we caught up whether we like it or not
Knock or we knock
Watch these hands swipe at your clock
Cuz you spitful and trifiling
And that you mother fucking stifling

Hot[Hook]

Just cuz niggas is hot
Y'all niggas is hot
Niggas is hot
You and your man name hot

Hot

Hot

Hot
