

Mean What I Mean (feat. Leikeli47 & Dreezy)

AlunaGeorge

I shouldn't have to explain, it's so simple
But I'm doing you a favor
Seems you're lost in your brain, no signal
So I lay it on the table Not the time, and I'm not playing
I know you've seen the signs, don't wanna read them
It's not fine, it's not okay
Boy all you gotta do right now is listen I mean what I mean when I say so
Not tryna be mean when I say no
So don't play a fool and twist my rules
I mean what I mean when I say so
Not tryna be mean when I say no
So trust me, I mean what I mean
I mean what I mean
So trust me, I mean what I mean
Give it up, it's annoying, give it up
You wanna see, gotta make an appointment, that's right
I hit 'em with that "Oh no, I got a boyfriend", damn girl
Yeah, he was acting like he ain't know what no meant, nah
I don't care about the paper you're getting
How you spending for my ship and then you still ain't hitting
Only see me sitting pretty so they saying I'm so [?]
Can't you see, nobody get me, and I will hurt feelings
Yeah, so keep your hands up off me
I get it if I want it, i don't care what you bought me
I touchdown, he think he in the endzone
Called him little bird and put him back up in the friendzone
Laced up, all about the pay cut
If I say it then I mean it, ain't nobody made up (what?)
Bitty from the waist up, you can look but you can't touch
High heels and high standards, ain't gotta say much, nah
I mean what I mean when I say so
Not tryna be mean when I say no
So don't play a fool and twist my rules
I mean what I mean when I say so
Not tryna be mean when I say no
So trust me, I mean what I mean
I mean what I mean
So trust me, I mean what I mean Better keep your hands to yourself
If you don't wanna see me get mental
I'm just here to have a good time
I would open that door if I wanted you to come in
See that's your final warning shot now Uh, take cover, my girls all hover

When we see a creep, we put 'em to sleep
Macaroni tony in a ditch
Cause he grabbed my ass and called me a bitch
Aluna shoulda called a lot sooner
Got wards around the world, coulda sent one of my juniors
But now 47 here
And I brought re-enforcement to make sure we clear I mean what I mean when I say so
Not tryna be mean when I say no
So don't play a fool and twist my rules
I mean what I mean when I say so
Not tryna be mean when I say no
So trust me, I mean what I mean
I mean what I mean
So trust me, I mean what I mean So trust me
So trust me
