

# Leisure Suite

## Feist

(In my leisure suite)  
Quit talking  
Just talking  
Please(In my leisure suite)  
Sometimes  
I feel the room surround me  
With possibilityBuild fires to stoke them  
Let's fix what's been broken  
Words have been stolen  
But silence is golden  
(In my leisure suite)  
Just a place to meet  
We can press repeat  
And do what we do when we're thereDon't come knocking  
This doors for locking  
Have you got the key(In my leisure suite)  
Hang up your jacket  
Undo my back zip  
PleaseMoonlight on blanket  
It's great when your backlit  
Features in close-up  
The moment we woke up  
(In my leisure suite)  
Just a place to meet  
We can press repeat  
And do what we do when we're there  
(In our leisure suite)  
Come lie next to me  
We can be complete  
And do what we do when we're there
