

epiphany

Taylor Swift

Keep your helmet
Keep your life, son
Just a flesh wound
Here's your rifleCrawling up the beaches now
Sir, I think he's bleedin' out
And some things you just can't speak aboutWith you, I serve
With you, I fall down
Down
Watch you breathin'
Watch you breathin' out
Out
Something med school
Did not cover
Someone's daughter
Someone's motherHolds your hand through plastic now
Doc, I think she's crashin' out
And some things you just can't speak aboutOnly twenty minutes to sleep
But you dream of some epiphany
Just one single glimpse of relief
To make some sense of what you've seenWith you, I serve
With you, I fall down
Down (Down)
Watch you breathin'
Watch you breathin' out
Out
With you, I serve
With you, I fall down (Down)
Down (Down)
Watch you breathin'
Watch you breathin' out (Out)
OutOnly twenty minutes to sleep
But you dream of some epiphany
Just one single glimpse of relief
To make some sense of what you've seen
