

# New Light

## Woods

With all this lake that surrounds me  
Dreams of colour will be by your side  
May we all sleep tonight  
Those thoughts of you still escapes me  
Burning right like we seek in summer  
May we all sleep tonight  
Your only hope for tomorrow is start a new  
Whats burning inside some part of you  
With all this lake that surrounds me  
Dreams of colour will be by your side  
May we all sleep tonight  
Those thoughts of you still escape me  
Burning right like we seek in summer  
May we all sleep tonight  
Your only hope for tommorow is start a new  
What burns inside some parts of you  
Your only hope for tommorow is start a new  
What burns inside some parts of you
