

# Pretty Girls (feat. DJ Mustard)

## Alexa Goddard

Yeah I can do it, do it good  
He like my body, he like my look  
Coz them girls don't dress like my clic do  
We got them jez, got them chains like them girls do  
Yea he want it, he want it bad  
I see you looking, uh I guess you're mad  
Coz you standing in line with your ID  
The bouncer told us come in, yup they with me  
Thou shall be good, thou shall be sweet  
But that ain't my life now that ain't for me  
We walked up in this party like we own the whole room  
Them girls might try to do it they can't do it like we do  
Coz we them  
Pretty girls dressed up like tom boys  
Blonde hair don't care on some black one  
Gold watch, gold chain and some camouflage  
Oh yea we them girls, oh yea we them girls  
We them girls getting in with no ID  
In the four door jeep playing VID  
Bandannas on our heads like its 93  
Oh yea we them girls, oh yea we them girls  
Yea we them  
Yea we them  
No worries, no sleep, the party stop, soon as we leave  
It's 3am just waiting for the sun to rise  
Yea its gonna be one of those kinda nights  
A couple texts but no regrets, might throw some back  
Might call my ex. Living life to the fullest fill up the glass  
Coz bad girls finish first good girls last  
Thou shall be good, thou shall be sweet  
But that ain't my life now that ain't for me  
We walked up in this party like we own the whole room  
Them girls might try to do it they can't do it like we do  
Coz we them  
Pretty girls dressed up like tom boys  
Blonde hair don't care on some black one  
Gold watch, gold chain and some camouflage  
Oh yea we them girls, oh yea we them girls  
We them girls getting in with no ID

Oh yea we them girls, oh yea we them girls  
Yea we them  
Yea we them  
Yea we them  
Thou shall be good, thou shall be sweet
