I won't stop until you get enough

Any way u want, im wit it

I just want to get up in it

let me see you freak your body

(You want tongue bath, you need a tongue bath)

A tongue bath, from the back

(ying yang twins)

Forget about that summer we stretched straight thuggin it up

in the tongue bath world we's living it up

I was told by the eye, we were holding each other

To the room sexual, the isleigh brothers

Sippin alazez, hennesse

Straight thug passion

Licking nipples got you giggle

So u started to laugh

Now its getting so erotic baby

All of the sudden

So im kissin on ye body baby

Admit it babe

(methrone)

see baby a tongue bath is what I like

lick me up, lick me down

curve my appetite

let me open up my legs show me what you got

the way you licking on my body is got me really hot

and im lov'n the way u lick me tho

do it lil daddy, let your tongue take control

u got me shakin like hell when you're licking my toes

from the top to the bottom, make you tongue roll

(chorus)
