

Number One Freak

Popcaan

Hey baby girl
Me feel happy with you in my world
Unruly a talk, me knows your boyfriend
Hell treat you, popskull, now go
Mislead you
Me wanna free your body
God knows me, I watch you enough
Me gonna carry you, go tour the globe
You make me fall in love with you
Me girl, Im happy with you
I say your body good
Gil Im happy to tell you
Your body is good
You fo something me never knew you could
Me happy to say your body good
Whatch her now
Oh, my baby do that
She touch a weak spot
What a bloodlclat, bum bum fat
The world knows shes hot
She balance with the fat big bike back
Upon the rooftop
Baby, me say youre too slack
Me say youre number one freak that
Some girls say she bad but me know shes badder
She go upon her head
Me see she climb up
And me never see no ladder
She get it from momma
She wine for the trophy, me give her the honour
Me no bounty but me give her the hammer
She crown me the president like the Obama
Oh, my baby do that
She touch a weak spot
What a bloodlclat, bum bum fat
The world knows shes hot
She balance with the fat big bike back
Fling it anywhere
Upon the rooftop
Baby, me say youre too slack
Ah, my number one freak that

Your body god than gold
The lovin unfold, baddeer than the girl them who wine pon pon
Pinch up your nipple when the night them cold
Tell you say your body good
Oh, my baby do that
She touch a weak spot
What a bloodlclat, bum bum fat
The world knows shes hot
She balance with the fat big bike back
Fling it anywhere
Upon the rooftop
Baby, me say youre too slack
Ah, my number one freak that
Your body good
Me happy to say
Your body good
You do something I never knew you could
Me happy to say
