## Shy Girls

Yesterday I woke up in an empty bed.  
I was dreaming bout the things that I should have said.  
Just sedate my cell phone and mobile.  
I'm at her house, sorry.  
Sorry I won't bring back my love.  
I got a clear vision.  
Visions don't make up for love.  
I'm the one that's always apologizing.  
I'm the one that's just pacified.  
I'm at her house, sorry.  
Sorry I won't bring back my love.  
I got a clear vision.  
Visions don't make up for love.  
Just take it steady like I said it did. My is this song almost over, marching over. Why you never  
call, I'm just laying round with my mobile.  
Watching the news is making me wanna cruise.  
Before I snooze I wanna let you loose.  
I'm at her house, sorry.  
Sorry I won't bring back my love.  
I got a clear vision.  
Visions don't make up for love.  
I'm the one always apologizing, bout it.  
Stay right here and just keep things cool.  
I'm the one that's just pacified.  
Stay right here and just keep things cool.  
I'm at her house, sorry.  
Sorry I won't bring back my love.  
I got a clear vision.  
Visions don't make up for love.
