

# Closer (feat. Julissa Leilani & RobbieLee)

## GAWVI

I've turned away from you  
too afraid  
to let my heart show  
like i'm running  
from my shadow  
so i'm here broken  
your arms  
hold me  
and now I see  
no matter how fast i run  
you're never far behind  
and every time my world begins to break  
you lift me up  
you lift me up  
even in the midst of my mistakes  
still you love  
love me  
oh, the love i wanna find  
the love i wanna find  
oh, i see it in your eyes  
i see it in your eyesooohh  
i never felt a love like this before  
ooohhdraw me closer  
to you, to you, to you  
draw me closer  
to you, to you, to youi'll never understand  
just how you could love me  
i'm so undeserving  
cuz every time i think you've had enough  
you forgive me, you never leave me  
i don't know where i'd be without your love  
cause it's everything, i need  
i need  
oh, the love i wanna find  
the love i wanna find  
oh, i see it in your eyes  
i see it in your eyesooohh  
i never felt a love like this before  
ooohhdraw me closer  
to you, to you, to you  
draw me closer  
to you, to you, to youi've turned away from you

too afraid to let my heart show  
like i'm running from my shadow  
so i'm here broken  
your arms hold me  
and now i see
