

Someone for Me

Whitney Houston

Someone for me
Someone for me I'm here alone on a Friday night
Waiting here beside the phone
The TV, radio and me
Really ain't been getting along
I wish that I could find a way
And party to the break of day
And there I'd be sure to meet
The guy that would be special to me Then mama comes and asks me
Why I am dreaming sitting alone
Why not go out and have some fun
It's the only way I'll ever find
Someone for me
While I am young and seventeen
Someone for me
Someone for me
I've got to find someone, someone
Someone for me
I've got to find someone, Yeah! Now there's a party down at Angie's house
With people packed against the walls
I'm sitting in a corner here
Trying to make sense of it all And when I least expect it
Meeting the guy I see in my dreams
Here he is walking up to me and asking
If I'd like to come and dance with him
I think I found someone for me
Someone for me
Someone for me
I've got to find someone, someone
Someone for me
I've got to find someone I need somebody for me
I need somebody for me, someone And so I'm finding out that dreams you believe in
Can come to be
And now I'm looking up to find the joy and happiness
Can come to you and me
I actually found someone for me Someone for me
I need somebody for me
I need somebody for me, Someone
Someone for me, Someone for me, Someone
Someone, Someone, Someone, Someone, Someone, Someone for me
Someone one for me
Somebody, Somebody, Somebody, Somebody

Yeah, Yeah Oh I need somebody for me
I need somebody for me, Somone Someone for me
Someone for me
Someone, Someone, Somebody, Someone, Somebody, Someone, Somebody for me Someone,
Somebody, Someone for me
