

MICKEY (feat. Offset & Lil Baby)

Lil Yachty

[Intro]

30, you a fool for this one [Verse 1: Offset]

Trappin' out the backstreet

Runnin' through the packs like a track meet (zoom)

Pull up with two pistols on me, Max P

Back to back to back to trap, we all repeat

Drippin' on these bitches, put a stain on 'em

Lamborghini Aventador, no brain on it

Iced out Patek with the rain on it

Automatic with the scope, range on it

[Verse 2: Lil Yachty]

Spent 160, that's on two watches

Got damn, think I need a new hobby

Bought a chain, coulda bought a Bugatti

Niggas dick riding with a Ducati

Check it out, check it out, check it out

Ridin' 'round town with the sticks out

It's fashion week, so I brought the Rick's out

These niggas rats, no Mickey Mouse

Yeah, these niggas hating 'cause I'm too rich

Big carats, same size Cheeze-Its

88 thou' for a new wrist

Peter Piper, pull up with a new pistol

Doors knocked down that's [?] crystals

Runnin' to the money like I'm Frank [?]

This ring cost more than a Honda Accord

Fuck with the set then it's over with

Walk in the spot, get it overlit

I want some pussy, she open it

Fuck her one time then I'm over it

These niggas weak and they talk too much

All these new niggas, they socialists

Holding on tight to my bragging rights
