

Sour Candy

Lady Gaga & BLACKPINK

Sou-sour candy(Sou-sour candy)I'm sour candy
So sweet, then I get a little angry, yeah
Sour candy, yeah, yeah, yeah, yeah, yeah
I'm super psycho
Make you crazy when I turn the lights low
Sour candy, yeah, yeah, yeah, yeahAsk me to be nice
And then I'll do it extra mean
??? ?? ??? ? ?????
?? ??? ??? ? ??? ?
??, ??
If you wanna fix me
Then let's break up here and now
??? ?? ??? ? ?? ???
? ??? ??? ? ??, wow
Uh-huh, uh-huh
(Oh)
I'm hard on the outside
But if you give me time
Then I could make time for your love
I'm hard on the outside
But if you see inside, inside, insideI might be messed up
But I know what's up
You want a real taste
At least I'm not a fake
Come, come, unwrap me
Come, come, unwrap me
I'll show you what's me
Close your eyes, don't peek
Now I'm undressing
Unwrap sour candy
Come, come, unwrap me
Come, come, unwrap me
Come on, sour candy
(Oh)
I'm hard on the outside
But if you give me time
Then I could make time for your love
I'm hard on the outside
But if you see inside, inside, insideI'm sour candy
So sweet 'til I get a little angry, yeah
Sour candy, yeah, yeah, yeah, yeah, yeah
I'm super psycho

Make you crazy when I turn the lights low
Sour candy, yeah, yeah, yeah, yeah Take a bite, take a bite
S-sour candy (Sour candy)
Take a bite, take a bite (Uh)
S-sour candy
Take a bite, take a bite
S-sour candy (Sour candy)
Take a bite, take a bite (Uh)
Sour candy
