

# Laser Gun (feat. Mai Lan)

## M83

Small town, too hot  
I'm going for a trip  
A place where dreams are made like comic strips  
I see colours and planes, laser guns and champagne  
I feel strong and smart, ready for a new start  
It got me too And I know it's surprising  
What brain can do  
I can hardly believe it  
What it makes me do  
And I know it's surprising  
What brain can do  
I can hardly believe it So let's go and get it  
Everything we've been dreaming  
So let's go and get it  
All the things we've been missing  
Now my blood is gone  
And my face is drawn  
Seven legs on top  
And my heart just popped  
People love me though  
I'm their new Rambo  
This is my kingdom  
A different kind of home  
You got me too And I know it's surprising  
What brain can do  
I can hardly believe it  
What it makes me do  
And I know it's surprising  
What brain can do  
I can hardly believe it  
So let's go and get it  
Everything we've been dreaming  
So let's go and get it  
All the things we've been missing Got it all PAM!  
Got everything  
Got it all PAM!  
Got all I need Got it all PAM!  
Got everything  
Got it all PAM!  
Got all I need All you can do is keep dreaming  
It's up to you, the meaning  
All you can do is keep dreaming

It's up to you, the meaning Got it all PAM!

Got everything

Got it all PAM!

Got all I need Got it all PAM!

Got everything

Got it all PAM!

Got all I need Got it all PAM!

Got everything

Got it all PAM!

Got all I need Take me on a rollercoaster

Up and down and up and down

Ride, ride on a rollercoaster

I'm going up, I'm going down

Take me on a rollercoaster

Up and down and up and down

Ride, ride on a rollercoaster

I'm going up, I'm going down
