

# Sweet Serenade (feat. Chris Brown)

## Pusha T

Come on, let's toast the champagne, this one's for the life  
Did everything you could, be here for the night  
Man it feels good, everything is right  
Energy is strong enough to brighten up city lights  
My whole team winning, no vision of quitting  
I rather say I did than let them buzzards say I didn't  
Let 'em talk about it mane, I'm already living  
I risk my life to try everyday to go and get it  
Came from the bottom, no one said it would be fair  
Now I'm on this money, lounging like it's a beach chair  
Poppa don't preach, all we do is reach here  
Raised round killers, we just happy to be here  
Spot 'em, got 'em, let your soul pay your dues  
While my hoes doing they magic, voodoo moulin rouge  
That's a tactic that they use, fuck 'em high then suck 'em dry  
Before you know it her Q7 is buzzing by  
The queen pin to the king pin redeems him  
The boat comes, the dope drums, my team wins  
Yuugh! This the life that we made  
Gun shots in the dark like a sweet serenade  
Come on, let's toast the champagne, this one's for  
the life  
Did everything you could, be here for the night  
Man it feels good, everything is right  
Energy is strong enough to brighten up city lights  
My whole team winning, no vision of quitting  
I rather say I did than let them buzzards say I didn't  
Let 'em talk about it mane, I'm already living  
I risk my life to try everyday to go and get it  
Supreme Ballas, all my niggas got ESPY's  
Triple doubles, both wrist and neck freeze  
Triple doubles, two bricks and tech squeeze  
Triple doubles, two hoes and cheque please  
They love me on my Ric Flair shit  
In that Phantom like I'm Blair Witch  
Who are you to be compared with?  
Ain't no niggas that you bled with  
Court cases ran base and road aces  
Lick shots or left bodies with no traces  
Yeah! This the life that we made  
Gun shots in the dark like a sweet serenade  
Come on, let's toast the champagne, this one's for  
the life  
Did everything you could, be here for the night  
Man it feels good, everything is right  
Energy is strong enough to brighten up city lights  
My whole team winning, no vision of quitting  
I rather say I did than let them buzzards say I didn't

Let 'em talk about it man, I'm already living  
I risk my life to try everyday to go and get it  
Look, my ouija board don't never lie to me  
The best rapper living, I know who's alive to me  
Yeah, the competition is all but died to me  
Raah, I make these mothafuckas hide from me  
The Sergio Tacchini life we uphold  
You just posing for them pics so you can upload  
Yeah! This the life that we made  
Gun shots in the dark like a sweet serenade, nigga  
Come on, let's toast the champagne, this one's  
for the life  
Did everything you could, be here for the night  
Man it feels good, everything is right  
Energy is strong enough to brighten up city lights  
My whole team winning, no vision of quitting  
I rather say I did than let them buzzards say I didn't  
Let 'em talk about it man, I'm already living  
I risk my life to try everyday to go and get it
